

Blue October - Angels In Everything

tom: G

F I've sat at the back of the line for years C
F Wishing the world wouldn't spin
C I give in, alone again it appears
F
C There were pieces of me that lived in corners on a hard wood floor
Am G
Until an Angel walked in through my door

F Time stopped, the arch of her back grew wings C
F
C And pulling me further from a devil to a heaven, she said "believe"
F C
True peace as she looked into my soul
Am G
She said "I'm here to show you faith, and to help you when you fall"

C Am
Can you feel my heart
G
Beating underneath these stars?
F
You're the Angel that came, and took these clouds away

C Am
You made me believe!
G
Never be weak, be strong
F
Live every moment like an Angel
C
Flies

F
I'll whisper in your ear
C
You are mine, and you will never have to be alone
F
And when I pull you near
C
You'll know I love you like I never loved anyone

F
So let me be the one to lift you up
C
I'll carry you home
Am
'Cause now I'm here to keep you safe
G
And to catch you when you fall

C Am
Can you feel my heart
G
Beating underneath these stars?
F
You're the Angel that came, and took these clouds away

C Am
You made me believe!
G
Never be weak, be strong

F
Live every moment like an Angel

Flies
Am
Only you can see the true me

C
Through all the right, and wrong
Am C
Take hold, the best has yet to come (yeah)
F C
You've given me the strength to believe in my heart again!

Am
And now we're here to share this faith
G
Stand together through it all

C Am
Can you feel my heart
G
Beating underneath these stars?
