

Blue October - Into The Ocean

Tom: C

Verse 1:

I'm just a normal boy
 Who sank when I fell overboard
 My ship would leave country
 But I'd rather swim ashore
 Without a lifevest I'd be stuck again
 Wish I was much more masculine
 Maybe even I could learn to swim
 Like fourteen miles away

Now floating up and down
 I spin colliding into sound
 Like whales beneath me diving down
 I'm sinking to the bottom

Of my everything that freaks me out
 The lighthouse beam has just run out
 I'm cold as cold as cold can be... be

I want to swim away but don't know how
 Sometimes it feels just like I'm falling in the ocean
 Let the waves up take me down
 Let the hurricane set in motion, yeah
 Let the rain of what I feel right now come down...
 Let the rain come down

Verse 2:

Where is the coastguard
 I keep looking each direction
 For a spotlight give, me something
 I need something for protection
 Maybe flotsam junk will do just fine
 The jetsam sank left me behind
 I'm treading for my life, believe me
 How can I keep up this breathing

Not knowing how to think
 I scream aloud begin to sink
 My legs and arms are broken down
 With envy for the solid ground
 I'm reaching for the life within me
 How can one man stop his ending
 I thought of just your face
 Relaxed and floated into space

I want to swim away but don't know how
 Sometimes it feels just like I'm falling in the ocean
 Let the waves up take me down
 Let the hurricane set in motion, yeah
 Let the rain of what I feel right now come down...
 Let the rain come down

Verse 3:

Now waking to the sun
 I calculate what I have done
 Like jumping from the bow, yeah
 Just to prove that I knew how, yeah

It's midnight's late reminder
 Of the loss of her, the one I love
 My will to quickly end it all
 Sat front row in my need to fall

Into the ocean end it all {x4}
 Into the ocean end it, ...all

I want to swim away but don't know how
 Sometimes it feels just like I'm falling in the ocean
 Let the waves up take me down
 Let the hurricane set in motion, yeah
 Let the rain of what I feel right now come down...
 Let the rain come down
