Blue October - Into The Ocean

Tom: C Verse 1: I'm just a normal boy С Who sank when I fell overboard My ship would leave country But I'd rather swim ashore Am Without a lifevest I'd be stuck again Wish I was much more masculine Am Maybe even I could learn to swim Am Like fourteen miles away Now floating up and down I spin colliding into sound Like whales beneath me diving down I'm sinking to the bottom Of my everything that freaks me out The lighthouse beam has just run out I'm cold as cold as cold can be... be I want to swim away but don't know how Sometimes it feels just like I'm falling in the ocean Am Am Let the waves up take me down Am Let the hurricane set in motion, yeah F Let the rain of what I feel right now come down... Let the rain come down Verse 2: Where is the coastguard C I keep looking each direction C For a spotlight give, me something I need something for protection Mabye flotsam junk will do just fine The jetsam sank left me behind I'm treading for my life, believe me How can I keep up this breathing
