

# Blur - Battery In Your Leg

Tom: C

(intro) C G F

C G F  
This is a ballad for the good times

C G F  
So put a battery in your leg

C G F  
Put a rock beat on the record

C G F  
And get it stuck there in your head

G  
You can be with me

(the same as first verse) C G F

I've got nothing to rely on  
I've broken every bone  
Everybody's stopped believing

But you know you're not alone

G  
You can be with me

(bridge on chords) C G F

(solo)

(the same chords as in first and second verse)

This is a ballad for the good times

Another dignity we held

Don't get better

And you ain't coming back

You can be with me

If you want to be

You can be with me

(bridge and solo the same)
