

Blur - Ghost Ship

tom:
Capostrate na 5ª casa

I remember flashbacks lighting up Magic Whip
Eight o'clock, Kowloon emptiness, handle it
The white horse image I had of you eleven seconds ago
I didn't send you, so you will never know

[Ponte]

I got away... for a little while
But then it came back... much harder

Swinging on a cable up to Po Lin
Climbing panda, ghostly wine, and a battery
That light in your eyes I search for religiously
When it's not there, oh Lord, it's hurting me

I got away... for a little while
But then it came back... much harder

'Til I ever hold you out there again, will you be mine?
'Cause I'm on a ghost ship drowning my heart in Hong Kong
It's the last ride boarding here tonight, out in the bay (out in the bay)
I'll need a lantern in you to shine out... bright rays

Feeling out of body here, what can I do?
It's up to the top every day to join with you

[Ponte]

I had to get away... for a little while
But then it came back... much harder
'Til I ever hold you out there again, will you be mine?
'Cause I'm on a ghost ship drowning my heart in Hong Kong
It's the last ride boarding here tonight, out in the bay (Out in the bay)
I'll need a lantern in you to shine out... bright rays
