

Blur - Mirrorball

Tom: G

Mirrorball on a Jordan train

I was under sea then up for air

I did not retain

Ocean Park where the seagulls cry

I remember flying dragons too

I was there with you

So before you log out

Hold close to me

Hold close to me

I'll be back when December comes

All the barriers have been pulled down

Where is everyone?

Oh Mirrorball

You're spinning out to sea

Think I found you in the temple square

Under the wishing tree

So cry your eyes out

Hold close to me

Hold close to me

I cried my eyes out

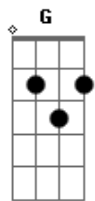

Hold close to me

Hold close to me

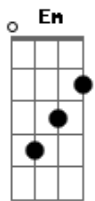

Hold close to me

Hold close to me
