

Blur - Theme From An Imaginary Film

Tom: **D**

Abm **B**
What if I told you I loved you
Dbm **E**
What if I court you in rhyme
Abm **A**
In this world there's nothing left
B
Well nothing that's new
Abm **B**
What if I told you without you
Dbm **E**
Loving is simply a lie
Abm **A**
I'm belching blues into the night
B **C**
Oh tell me your mine, please say it's true

G **Em**
Oh, shame it's over
C **Db** **D**
I was the last days of them all
G **Em**
Well, push me over
C **Db** **D**
I'm flat on my back and I'm having a ball
Em
And just look who's laughing

Abm **B**
What if I flew like a dove dear
Dbm **E**
What if I wooed you in rhyme
Abm
There's nothing left
A **B**
Nothing that's good left for me now
Abm **B**

Oh, I'll just go and sleep with strangers
Dbm **E**
I'll live like a lord in a tower
Abm **A**
Carouse in the sin, take in too much air
B
That I can't dream at night
C
Well, not anymore

G **Em**
Oh, shame it's over
C **Db** **D**
It's been such fun and we've had a ball
G **Em**
Well, push me over
C **Db** **D**
But I'll be the last of people to fall
Em
Well just look who's laughing

G **Em**
Oh, shame it's over
C **Db** **D**
How like a cow bloated on grass
G **Em**
Well, push me over
C **Db** **D**
Me on my back and you on your arse
G **Em**
Such a shame it's all over
C **Db** **D**
There are so few days left to grasp
G **Em**
Well, push me over
C **Db** **D**
Me on my back and you on your lazy arse
Em
Well just look who's laughing
