tom:

D

And you don't seem to understand G Bm

A shame you seemed an honest man Em Bm

And all the fears you hold so dear G Bm

Will turn to whisper in your ear Em Bm

And you know what I sad might hurt you G

And you know that means so much Bm

And you don't even feel a thing Em Bm

I am falling, I am fading Em Bm G

I have lost it all Em Bm G

And you don't seem the lying kind G Bm

A shame then I can read your mind Em Bm

And all the things that I read there G Bm

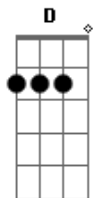

Candle lit smile that we both share Em Bm

And you know I don't mean to hurt you G

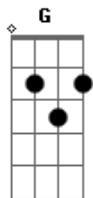

But you know that to means so much Bm

Em Bm
