

Bob Dylan - Beyond The Horizon

Tom: F

Intro

Verse:

Chorus:

Beyond the horizon, behind the sun
 At the end of the rainbow life has only begun
 In the long hours of twilight 'neath the stardust above
 Beyond the horizon it is easy to love
 My wretched heart's pounding
 I felt an angel's kiss
 My memories are drowning
 In mortal bliss
 Beyond the horizon, in the Springtime or Fall

Love waits forever for one and for all

Beyond the horizon across the divide
 'Round about midnight, we'll be on the same side
 Down in the valley the water runs cold
 Beyond the horizon someone prayed for your soul

I'm touched with desire
 What don't I do?
 I'll throw the logs on the fire
 I'll build my world around you

Beyond the horizon, at the end of the game
 Every step that you take, I'm walking the same

Beyond the horizon the night winds blow
 The theme of a melody from many moons ago
 The bells of St. Mary, how sweetly they chime
 Beyond the horizon I found you just in time

It's dark and it's dreary
 I ponder in vain
 I'm weakened, I'm weary
 My repentance is plain

Beyond the horizon o'er the treacherous sea
 I still can't believe that you've set aside your love for me

Beyond the horizon, 'neath crimson skies
 In the soft light of morning I'll follow you with my eyes
 Through countries and kingdoms and temples of stone
 Beyond the horizon right down to the bone
 It's late in the season
 Never knew, never cared
 Whatever the reason
 Someone's life has been spared

Beyond the horizon the sky is so blue
 I've got more than a lifetime to live lovin' you
