

Bob Dylan - Can't Leave Her Behind

```
tom:
                                                                                                                                                                                                                                                                                                                               Bb (forma dos acordes no tom de F )
   Capostraste na 5ª casa
   Where she leads me I do not know
Well, she leads me where she goes % \left( 1\right) =\left( 1\right) \left( 1\right
   I can't find her nowhere
                                                                                                                                                                                C
   Well, she needs me here
   All aware I can't hear her walk
   I just cannot hear her talk
```

```
Though sometimes, you know you will
And when she comes my way
I'll just be left any night or day
Em Dm G
I will hear her say
C G
That I don't wanna try
I tried, also cried
But I can't leave her behind
[Final] F Em Dm C
```
