

Bob Dylan - They Killed Him

tom:

G

There was a man named Mahatma Gandhi

He would not bow down, he would not fight

He knew the deal was a-down and dirty

And nothing wrong could make it right away **G7 C**

But he knew his duty and the price he had to pay **G D C**

Just another holy man who dared to be a friend **G**

My God, they killed him **G**

Another man from Atlanta, Georgia

Name of Martin Luther King

He shook the land like a rolling thunder **G7 C**

And made the bells of freedom ring today **C**

With a dream of beauty that they could not take away **G**

Just another holy man who dared to make a stand **D C**

My God, they killed him **G**

The only Son of God Almighty

The holy one called Jesus Christ

He healed the sick and fed the hungry **G7 C**

And for his love they took his life away **C**

On the road to glory where the story never ends **D C**

Just the holy Son of Man I'll never understand **G**
