

Bob Marley - Natural Mystic

Tom: C

Intro: Am

There's a natural mystic
 G Blowing through the air
 Dm Can't keep them down
 Dm If you listen carefully now you will hear
 G Such a natural mystic
 Am Blowing through the air
 Dm This could be the first trumpet
 G Might as well be the last
 Am Many more will have to suffer
 Dm Many more will have to die
 Am Don't ask me why
 Dm Things are not the way they used to be
 Am I won't tell no lie
 Dm One and all got to face reality now
 G Though I try to find the answer
 Am To all the questions they ask
 Dm Though I know it's impossible
 G To go living through the past
 Am Don't tell no lie
