

Bon Jovi - Every Word Was Piece Of My Heart

Tom: D

I've been staring at the page for what seems like days
 I guess I put this one off for a while
 Did I see a tear fall from your eyes ?
 Or did you laugh so hard that you cried ?
 When I served my secrets on a silver tray to you (hey now)
 Hey now, I guess the night's just bringing me down

There's no love, there's no hate
 I left them there for you to take
 But know that every word was a piece of my heart (hey now)
 D A D

You've been the blood in my veins
 The only one who knows my middle name
 And the smiles, they came easy 'cause of you (hey now)
 You know that I love you, but I hate you
 'Cause I know I can never escape you
 So let the choir sing for tonight I'm an easy mark (hey now)
 Hey now, am I acting just a little too proud ?
 Em7 G G

There's no love, there's no hate
 I left them there for you to take
 But know that every word was a piece of my heart (hey now)
 D A D

Have I said too much

Maybe I haven't said enough
 But know that every word was a piece of my heart (hey now)
 D A D D

Hush me darling, maybe I've lost my touch
 Maybe I've lost my guts
 There, is that truth enough ?
 Hey now, hey now...

You know these love letters mix with whisky
 Just don't light a match when you kiss me
 Though I'll blow away, you know I'll be back soon (hey now)
 Hey now, hey now, hey now, am I talking just a little too loud ?
