# Bon Jovi - It's Just Me

Tom: A
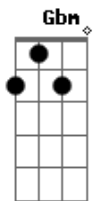

```
    Gbm
You know your favorite old pair of shoes
The ones with the hole in the toe you won't lose
              Bm
Your favorite record that's all scratched and used
                 E
But still you love to play when your feeling blue
             Gbm
That faded rose, that's all dried out
Those Bukowsky poems we couldn't live without
                      Bm
Your high school picture, when you had wild hair
                 E
That stormy day on the beach that got us here
   D                       Gbm                              Bm
Oh, you'd better believe there's just one thing you need
  E
Can't you see...
            A
It's just me baby
          Gbm
It's just me baby
              Bm
If there's just one thing that you should keep
  E
In your book of dreams
          Gbm
It's just me baby
Just like a shadow 10 feet tall
Standing right behind you should you fall
              Bm
I'll be the one to hold you up to walk
              E
When this wicked world makes us wont to crawl
            Gbm
And if your waves should ever break at sea
I'll be there waiting, I'm that sandy beach
                   Bm
I'm that same old dog, scratching those same fleas
            E
I'll be by your side, you can count on me
          A
It's just me baby
          Gbm

What's it gonna take to make you see
                   E                              Gbm
What's it gonna take 'til you believe in me

   D                       Gbm                              Bm
Oh, how my smile fades and my heart just break
                             E
Every time you go away
          A
It's just me baby
          Gbm
It's just me baby
                      Bm
If there's just one thing that you should keep

In your book of dreams
          A
It's just me baby

What's it gonna take to make you see
                   E                              Gbm
What's it gonna take 'til you believe in me
Gbm
And if someday some new memories comes along
Looking shiny new, feeling really strong
                             Bm
You can tell him that I'll tell him
He can just move on
                                     E
I'm a fighter- I've been fighting for you all night long
          Gbm                (Gbm   A E ) (8x)
It's just me baby
