

# Bon Jovi - Last cigarette

Tom: G

(verse)

G Regrets are all you left on your lipstick stains  
 D Take a picture of our past there in that ashtray  
 Em We had our fun, I used to light your flame  
 D Like the dancing smoke that rose we tried to find our way  
 Am C No one told me, she told me

(Chorus)

G Your love's like one last cigarette  
 D Last cigarette, I will savor it  
 Em The last cigarette  
 C Take it in and hold your breath, hope it never ends  
 G D But when it's gone, it's gone  
 The last cigarette

(Verse)

Em Just to breathe reminds me of what used to be  
 D The smoke's the ghost that keeps you close when I can't sleep  
 Em Don't ask the past to last; it's about to change  
 D Am C The memories don't answer when I call your name  
 No one told me, she told me

(Chorus)

G Your love's like one last cigarette  
 D Last cigarette, I will savor it  
 Em The last cigarette  
 C Take it in and hold your breath, hope it never ends  
 G But when it's gone, it's gone

One last cigarette, last cigarette

D One I can't forget, the last cigarette  
 Em Right there at my fingertips, I got your taste still on my lips

 You're still gone, gone, gone
