

# Bon Jovi - Nobody's hero

Tom: C

(INTRO)

G C D  
G C D

(VERSE)

You're afraid and it feels like you're too tired to fight  
Even your heart don't know if you're still alive  
Man, you never felt so all alone in this world tonight

And I, don't you know that I felt the same?  
I've seen this storm, I've been through the rain  
You've gotta know that I feel your pain  
Don't be afraid

(BRIDGE)

When you're on the edge, I will rescue you  
When you need a friend, I'll be there for you

(Chorus)

I'm nobody's hero  
For you I'd lay down my life  
Nobody's hero  
But I'd tear down the stars from the sky  
If you would lean on me, baby, dream on me  
You can bleed on me, just believe in me  
Nobody's hero

(VERSE)

Well out on these streets  
They're waiting for blind eyes to see  
They're waiting for our cuts to bleed  
Out here they're waiting for you and me

Well alright, alright

'Cause this time you know I ain't afraid to fight  
For you I ain't afraid to die  
As long as you are by my side it will be alright

(BRIDGE)

When all faith is gone, I will pray for you  
Just keep holding on, I'll be there for you

(Chorus)

I'm nobody's hero  
For you I'd lay down my life  
Nobody's hero  
But I'd tear down the stars from the sky  
If you lean on me, you can bleed on me  
Baby, dream on me just believe in me  
Nobody's hero

I'm nobody's hero  
But for you I'd lay down my life  
Nobody's hero  
But I'd tear down the stars from the sky  
If you lean on me, you can bleed on me  
Baby, dream on me, just believe in me  
I'm nobody's hero  
Nobody's hero  
Baby, lean on me, you can dream on me  
Just bleed on me, just believe in me
