

# Bon Jovi - Now And Forever

Tom: A

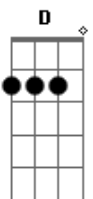

A D  
 It's been a long time  
 A D  
 Baby, how you've been ?  
 Dbm Gbm  
 But it sure feels good  
 E D  
 To see you again, my friend  
 A D  
 I still remember  
 A D  
 Just like yesterdays  
 Dbm Gbm  
 Though the miles and the smiles roll on,  
 E D  
 They won't fade away  
 Dbm Gbm  
 And it hurts just like hell to let go  
 D Bm E  
 But I know ...  
 A D  
 Kings will be kings with crowns to defend  
 A D  
 But I'm just one man and I can't pretend

A heart's just a heart, and songs have to end  
 A E  
 Dreams will be dreams, friens will be friends  
 D E A  
 Now and forever, now and forever  
 A D  
 I still remember when you didn't know my name  
 Dbm Gbm E  
 We were lost on the road but you made it my home just the same  
 A D  
 God I wanna say that you gotta hold on when we go our separate  
 ways  
 Dbm Gbm  
 But when your radio's on, you're hearing this song  
 D Bm E  
 I hope that you say nothing's changed  
 A D  
 Kings will be kings with crowns to defend  
 A D  
 But I'm just one man and I can't pretend  
 A D  
 A heart's just a heart, and songs have to end  
 A E  
 Dreams will be dreams, friens will be friends  
 D E A  
 Now and forever, now and forever
