[Verse 1]
Gb
This isn't how the story ends, my friend,
                    Gb
It's just a fork along the road
      Gb
Don't say your prayers, save your amens,
                                        Gb
You've come this far, but you're still far from home
          Gb
Don't say goodbye, just say farewell
        Gb
Write every line you'll live to tell
Gb
Hold your head high like Harry give 'em hell
     Ebm   Fm   Gb
As the night ignites the day
        B   Bbm   Db
Make some memories along the way

[Chorus]
  Gb   B   Db
Write your song, sing along, love your life
  Gb   B   Db
Learn to laugh, dare to dance, touch the sky
    Ebm   B
Take pictures each step of the way
        Ebm   Gb   B
Make this the best of the rest of your days
              Db
Start your revolution
                    Gb   Gb
And I'll see you at the reunion

[Verse 2]
        Gb
Some friends will go and some will stay,
                                Gb
Okay, some last a chapter, some a page
     Gb
For some love comes disguised as lust
                            Gb
But you'll find love when you find trust one day
    Gb

Do better than our parents did
    Gb
Imperfect husband, wife and kids
        Gb
Go chart your course then turn it upside down
                    Ebm   Fm   Gb
Go live your life eyes open wide
              B   Bbm   Db
Who's to say what's wrong or right
Right?

[Chorus]
  Gb   B   Db
Write your song, sing along, love your life
  Gb   B   Db
Learn to laugh, dare to dance, touch the sky
    Ebm   B
Take pictures each step of the way
        Ebm   Gb   B
Make this the best of the rest of your days
              Db
Start your revolution

And I'll see you at the reunion
