Tom: Gb
Intro:
[Verse 1]
This isn't how the story ends, my friend,
It's just a fork along the road
      Gb
Don't say your prayers, save your amens,
You've come this far, but you're still far from home
Don't say goodbye, just say farewell
Write every line you'll live to tell
Hold your head high like Harry give 'em hell

                         Gb
As the night ignites the day
                    Bbm
Make some memories along the way
[Chorus]
Write your song, sing along, love your life
Learn to laugh, dare to dance, touch the sky
Take pictures each step of the way
             Ebm
                       Gb
Make this the best of the rest of your days

Start your revolution

And I'll see you at the reunion
[Verse 2]
      Gb
Some friends will go and some will stay,
Okay, some last a chapter, some a page
For some love comes disguised as lust
But you'll find love when you find trust one day
Do better than our parents did
Imperfect husband, wife and kids
```
