

# Bon Jovi - Scars On This Guitar

Tom: C

C  
Another friday night I'm somewhere  
F7M  
A little drunk and worn out from the show

C  
It's a hallway to a hotel room  
F7M (G - Am7 - F )  
The truck's already rolling down the road  
F7M  
I find the lights take off my coat (C - F7M)  
I see here there just lying on the bed  
C  
She's seen me through my yesterdays (C - G )  
G  
God knows tonight I'm needing her again

C F  
She's the place I go  
C F  
When there's no where left to run to  
C F  
She's the one I hold  
Am G  
When there's no one to hold on to  
Am  
She's been with me late at night  
F7M  
When I was drowning in the dark  
Am  
She heard my every word  
F7M

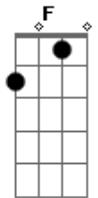

When I was pouring out my heart  
C  
So I thank my lucky stars  
G F  
For every crack scratch and scar on this guitar

Am F  
She's given me her beset when I am at my worst  
Am  
When I can't find the pieces  
F  
Fingers scratching in the dirt  
C  
She offers no forgiveness  
G  
Cause she likes to make it hurt  
(Refrão)

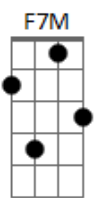

C  
Morning like a freight train  
F7M  
Last night still ringing in my head  
C  
Before today becomes tomorrow (G - Am7 - F )  
F7M  
Tonight I know I'll do it all again  
(Refrão)

C  
So I thank my lucky stars  
G F C F7M C  
For every crack scratch and scar on this guitar
