

# Bon Jovi - Seeds

Intro: G F Em G  
G F Em G

[Primeira Parte]

There's a deep crack in the sidewalk  
Near the park bench on my street  
If you don't trip, you'll walk by it  
There's a whole world we don't see  
You don't have to fix what is broken  
You only get better at coping  
The road don't always know where it's  
Goin'  
We keep rollin', rollin', rollin'

[Refrão]

We're seeds trying to find our place in  
The weeds  
Bustin' through the cracks in the street  
We keep reaching for light, reaching for  
Light  
We're seeds, even if we fall like the  
Leaves  
Bustin' through the cracks in the street  
We keep reaching for light, reaching for  
Light

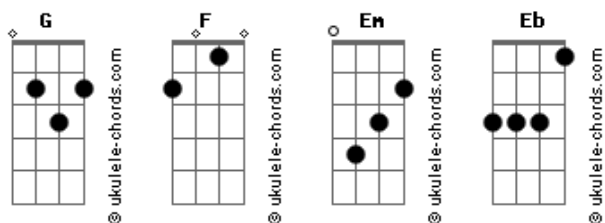

[Segunda Parte]

There's a sadness in the seasons  
Like the friends who come and go  
The heartbreak, the glory  
Each writing their story  
We'll never get to know

[Pré-Refrão]

Be happy for the tears that you're cryin'

## Acordes

The cracks are where we let all the light  
In  
Put yourself out there in the open  
Just keep growin', growin', growin'

[Refrão]

We're seeds trying to find our place in  
The weeds  
Bustin' through the cracks in the street  
We keep reaching for light, reaching for  
Light  
We're seeds, even if we fall like the  
Leaves

Bustin' through the cracks in the street  
We keep reaching for light, reaching for  
Light
