

Bon Jovi - Stay

Tom: C

C Am
Every singer's always singing about someone else
F Fm
Another bleeding heart, another brand new start
C Am
But this time I'm singing all about myself
F
I made it be so lonely
Fm
Even my piano wants to cry
Em
These arms weren't there to hold you
Am
And when I was home I was miles away
Em F
Now you've got every right to go girl but I'm standing here

G
I'm begging you
C Am
Stay just a little longer
F
You've always been the one who's stronger
Fm
I can't let you go
G C
I'm begging you stay
Am
Stay because I need you
F
With every breath I breathe you
Fm
I can't let you walk away

C Am
There are things I didn't ever say or do
F
Like I would die without you
Fm
Didn't mean I didn't want to
C Am
But every song I ever sang I sang for you
F
And every night away from you

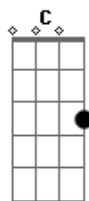

Fm Em
Knowing you'd be homes what got me through
Am
Tore up all the pictures of our wasted yesterdays
Em F
I'm fighting for tomorrow, standing here

G
I'm begging you
C Am
Stay just a little longer
F
You've always been the one who's stronger
Fm
I can't let you go
G C
I'm begging you stay
Am
Stay because I need you
F
With every breath I breathe you
Fm
I can't let you walk away

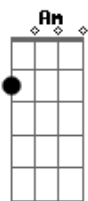

A Dbm
Stay, I know I've done you wrong
Bm
It'd be easy to move on
D
I'm telling you, I'm begging you, I'm pleading, I'm screaming

C Am
Stay just a little longer
F
You've always been the one who's stronger
Fm
I can't let you go
G C
I'm begging you stay
Am
Stay because I need you
F
With every breath I breathe you
Fm
I can't let you walk away
