

Bon Jovi - Superman Tonight

Tom: **G**

(intro) (segura a 1ª corda na 3ª casa e solta)

(intro)
There's something about you
I wanna rescue
I don't even know you
So what does that mean

G
Maybe I'm cynical
C
Painfully logical
Em **D**
You're tragic and beautiful
C
And that's good enough for me

D
You're looking for a hero
C
But it's just my old tattoo
D
Tonight I swear I'd sell my soul
C
To be a hero for you

(chorus)
G **D** **C**
Who's gonna save you when the stars fall from your sky?
Em **D** **C**
Who's gonna pull you in when the tide gets too high?

G **Bm** **C**
Who's gonna hold you when you turn out the lights?
Am **Am**
I won't lie
C
I wish that I could be your superman tonight

(**G** **C** **Em** **D** **C**)
If somebody sent you
An angel to save you
What would you tell him
To turn him away

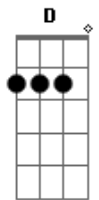

That your heart don't break?
That your lips don't kiss?
That life is just a lie?
That heaven don't exist?

(chorus)

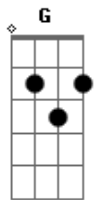

Em
Who's gonna fix you
C
The next time you break down
Em **D**
Stranded alone by the side of the road
C
With your baggage that's dragging you down
Am **Am** **C**
Don't look back, let it go
D
Ooh-ooh

(chorus)
