

Bon Jovi - Taking it back

Tom: **G**

(INNTRO) ---
2x

(RIFF2)
2x

(VERSE)
I've been away so long I hardly knew the place
It's been too long since I've been around
Just like I rolling stone I ain't go no home
(Repeat the RIFF2)
But my boys are back in town
It's been two long years that I've been on the run
From lawyers, lovers, monies and a lawman's son
You though tit was the last you heard from me
Well you better back up to catch up with me
'Cause I'm livin' in the fast, speeding like a steam train
Just before I fall, just before I fall off the track

(Chorus)
Taking it back
I'm taking it back
Taking it back
You took it away, took it away
All I can say is we're taking it back (repeat riff2)

(VERSE)
A
I'm the same old dog that I used to be
The word's all over town that you've been looking for me
I'm no different that I was before
Give you what you need and then I'm out the door
'Cause I'm livin' in the fast lane, coming like a hurricane
A snake without a rattle, baby that's a matter of fact

(Chorus)
Taking it back
I'm taking it back
Taking it back
You took it away, took it away
All I can say is we're taking it back (repeat riff2)

(SOLO)
B D B E

(VERSE) (repeat the riff2)
I've been away so long it's good to see your face
Barkeep, won't you buy me a round?
Raise a glass to the good times past
Then we'll tear this damn place down

(Chorus)
Taking it back
Taking it back
Taking it back
Taking it back
Taking it back
Taking it back
