(Verse)
D These days, **A** its hard to have a heart,
G It doesn't matter where you come from, or who you think you are,
D These days, **A** it's hard just fitting in,
G Why does someone have to lose, for someone else to win,

(Bridge)
Bm Were all looking for forgiveness, and someone we can trust,
C You can wrap your arms around the world,
G It all comes down to us,

(Chorus)
D This is the last night,
Em You'll have to be alone,
G I'll be standing right beside you,
A You can make it on your own,
D So walk with me, please,
Em Help me to be strong,
G I'll be the shoulder you can lean on,
A When everybody's gone,
G This is the last night,
A You'll have to be alone, **D G D G**

(Verse)
D I know, you, **A** heard it all before,
G There's nothing worst than living less,

D Makes no sense, its hard to understand, **A**
G When there's something that should fill you up,
A Keeps slipping through your hands.

(Chorus)
D This is the last night,
