E7#9  
Like a kickback though that shit crack it ain't shot up, yeah  
yeah

Uh, You like tacos on a drunk night  
You a club night without a dumb fight

You like Roscoe's on the next day  
Skipping all the traffic know the best way, that's why

[Refrão]

I love you like the Westside  
Fingers out the sunroof, won't you let your wings loose  
Look at all your stress fly  
Can't take what's inside me, even when I'm far away  
Love you like the Westside  
Fingers out the sunroof, won't you let your wings loose  
Look at all your stress fly  
Can't take what's inside me, even when I'm far away  
Love you like the Westside

Went from no piece now I know peace, yeah yeah

E7#9  
You a good day, you like a hood day with no police, yeah yeah

Now I'm breaking down all the hate, yeah

Leave the smoke clouds full of pain, yeah

E7#9  
Like let it fall and tell Tony Tony Tony that it's cool if it  
rain here

Like oh just look at the benefits (look at the benefits)

Uh, despite knowing night your whole life

Know it's future is bright as the city we living in (Bright  
like the city we living in)

I got your attention now it's my intention to take all that  
tension and shit not to mention

[Refrão]

I love you like the Westside

Gotta shoot for your time  
And I know that you're used to the vibes, uh  
The death of your stress and the birth of your next  
Oh my God what a beautiful crisis  
You know that these girls in LA probably messy as shit so it's  
cool that you're private

You the sight that I see at my side

And it's crazy you turn round and still give me guidance  
That shit so inspiring and I was gon' say

[Ponte]

You should give me a tour  
I feel so safe in the midst of your war  
Claim you and praise you know the ci-ty is yours  
Ride on your wave, no I'm really sure, I'm really sure

I love you like the Westside  
Fingers out the sunroof, won't you let your wings loose  
Look at all your stress fly  
Can't take what's inside me, even when I'm far away
