

Boyce Avenue - Everything You Want (Vertical Horizon)

Tom: **G**

(afinação **Eb**)

(intro)

(**Am Em G C**)

Am **Em** **G** **C**
Somewhere there's speaking, it's already coming in.
Am **Em** **G** **C**
Oh, and it's rising in the back of your mind.
Am **Em** **G** **C**
You never could get it unless you were fed it,
Am **Em** **G** **C**
And now you're here and you don't know why.
Am **Em** **G** **C**
But under skinned knees and the skid marks,

Am **Em** **G** **C**
Past the places where you used to learn.
Am **Em** **G** **C**
You howl and listen, listen and wait for the
Am **Em** **G** **C**
Echoes of angels who won't return...

(refrão)

Am **G**
He's everything you want
Em **D**
He's everything you need
Am **G** **Em** **D**
He's everything inside of you that you wish you could be
Am **G**
He says all the right things
Em **D**
At exactly the right time
Am **Em** **D** **C**
But he means nothing to you and you don't know why...

(intro)

(verso 2)

Am **Em** **G** **C**
You're waiting for someone to put you together
Am **Em** **G** **C**

You're waiting for someone to push you away
Am **Em** **G** **C**
There's always another wound to discover
Am **Em** **G** **C**
There's always something more you wish he'd say

(refrão)

(ponte)

Em **C** **Em**
But you'll just sit tight and watch it unwind
D **C**
It's only what you asking for
Em **C** **Em**
And you'll be just fine with all of your time
D **C**
It's only what you're waiting for

(verso 3)

Am **Em** **G** **C**
Out of the island and into the highway
Am **Em** **G** **C**
Past the places where you might have turned
Am **Em** **G** **C**
You never did notice, but you still hide away
Am **Em** **G** **C**
Anger of angels who won't return.

Am **G**
I am everything you want
Em **D**
I am everything you need
Am **G**
I am everything inside of you
Em **D**
That you wish you could be
Am **G**
I say all the right things
Em **D**
At exactly the right time
Am **Em** **D** **C**
But I mean nothing to you and I don't know why

(intro)

And I don't know why
Why
