

Boyce Avenue - Jumper

```
Tom: C
                                                               I never thought it would come to this
                                                                                      G Riff 1
                                                               And i, i want you to know
\bar{\mathbf{I}} wish you would step back from that ledge, my friend
You could cut ties with all the lies, that you've been living
                                                               Everyone's got to face down the demons
                                                                Maybe today we can put the past away
And if you do not want to see me again
I would understand, i would understand
                                                                I wish you would step back from that ledge, my friend
                                                               You could cut ties with all the lies, that you've been living
The angry boy, a bit too insane
                                                               And if you do not want to see me again F C G F C G
Icing over a secret pain
                                                                I would understand, i would understand
You know you don't belong
You're the first to fight You're way too loud
                                                               I would understand
You're the flash of light on a burial shroud
                                                               Base Solo: F C G (x4)
                                                                                                D Riff 2
I know something's wrong
                                                               Can you put the past away?
                                  D Riff 2
Well, everyone i know has got a reason
To say put the past away
                                                                I wish you would step back from that ledge, my friend
                                                                You could cut ties with all the lies, that you've been living
I wish you would step back from that ledge, my friend
You could cut ties with all the lies, that you've been living
                                                               And if you do not want to see me again
                                                                      C G
                                                                I would understand, i would understand
And if you do not want to see me again
I would understand, i would understand
                                                                I would understand
                                                                And i would understand
And well, he's on the table, and he's gone to code
                                                                Fim: F C G
And i do not think anyone knows
                                                               Riff 1
What they are doing here
And your friends have left you You've been dismissed
                                                               Riff 2
```
