                                                                       Dh
Versão Aguda (Guitarra)
                                                                 Oh you know, you know, you know
                                                                 I'd never ask you to change.
Oh her eyes, her eyes;
                                                                 If perfect's what you're searching for
Make the stars look like they're not shining.
                                                                 Then just stay the same.
                                                                 So, don't even bother asking
Her hair, her hair;
Falls perfectly without her trying.
                                                                 If you look okay;
She's so beautiful;
                                                                 You know I say:
And I tell her every day.
                                                                 Refrão 2:

                                                                               Bbm7
Yeah; I know, I know,
                                                                 There's not a thing that I would change.

When I compliment her
                                                                 Cause you're amazing,
She won't believe me.
                                                                 Just the way you are.
                                                                              Db
And it's so, it's so
                                                                 And when you smile,
                                                                 The whole world stops and stares for a while.
Sad to think that she don't see what I see.
But every time she asks me "do I look okay?",
                                                                 Cause girl you're amazing,

Yeah, Her lips, her lips;
                                                                 Cause you're amazing,
I could kiss them all day if she'd let me.

Her laugh, her laugh;

She hates but I think it's so sexy.
                                                                 The whole world stops and stares for a while.
