                                                          Segunda Parte:
                                                          Em7 G D
 All the planes we flew
                                                                First, you both go out your way
Good things we been through
                                                         And the vibe is feeling strong
                                                               Em7
That I'd be standing right here
                                                         And what's small turned to a friendship
Talking to you
                                                         A friendship turned to a bond
About another path
                                                         And that bond will never be broken
 G
                                                          The love will never get lost
I know we loved
                                                         Em7 G D
                                                          And when brotherhood come first {\sf G}
To hit the road and laugh
 But something told me
                                                         Then the line will never be crossed
                                                         D Fm7
That it wouldn't last
                                                         Established it on our own
Had to switch up
                                                         When that line had to be drawn

Look at things different
                                                         And that line is what we reached
See the bigger picture
                                                          So remember me when I'm gone
