

# Boys Like Girls - Thunder Acústico

Tom: **D**

**D**  
Today is a winding road

**G** **A**  
Thats taking me to places that I didnt want to go, whoa

**D**  
Today in the blink of an eye

**A**  
Im holding on to something and I do not know why I tried

**Bm**  
I tried to read between the lines I tried to look in your eyes

**A**  
I want a simple explanation; what Im feeling inside

**G**  
I gotta find a way out

**A** {deixa soar}  
Maybe theres a way out

{Refrão}

**D** **A**  
Your voice was the soundtrack of my summer

**G**  
Do you know youre unlike any other?!

**Bm** **A**  
Youll always be my thunder, and I said

**D** **A**  
Your eyes are the brightest of all the colors

**G**

I dont wanna ever love another

**Bm** **A**  
Youll always be my thunder

**G** **A**  
So bring on the rain

**D**  
And bring on the thunder

**D**  
Today is a winding road

**A** **G** **A**  
Tell me where to start and tell me something I dont know, whoa

**D**  
Today Im on my own

**A** **G** **A**  
I cant move a muscle and I cant pick up the phone, I dont know

**Bm**  
And now I'm itching for the tall grass And longing for the breeze

**A**  
I need to step outside, just to see if I can breathe

**G**  
I gotta find a way out

**A**  
Maybe theres a way out

{repete Refrão}

{> agora o violão dá algumas quebras de ritmo
