I tried accentuating volume, mm-mm

(Burnout)  
G Em Bm D  
Burning out and burning cold

G Em Bm  
My mind don't work like it used to  
D G  
It must have been the poison on the tip of your tongue  
Em Bm  
I sold my soul for a ceasefire  
D  
But they don't wanna let it go

[Refrão]

They gon' make me (Burnout)  
G Em Bm D  
Burn

They gon' make me (Burnout)  
G Em Bm D

Burn

G Em  
It's all in my head, the peyote in my system hits my chest  
Bm  
Ain't nobody can't match this rhythm  
D  
Burning out fast, can't catch my breath  
G Em  
Heart so cold, turns hell to water into ice

Wrapped 'round my wrist  
Bm  
Don't lose yourself, don't chase no honor  
D  
Drop that shit and catch my  
G

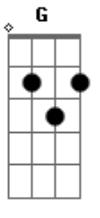

Catch my, catch my drift

Em Bm  
I can't help myself, all I think I know is fading  
D G  
Into everything and everyone is everybody else  
Em Bm  
So don't look down, all you think you are is breaking  
D G Em  
It comes and goes like animals within and without  
Bm D G Em  
Within and without you, baby, it's temporary (Burnout)  
Bm D  
Within and without you, baby, it's temporary (Burnout)  
G Em Bm  
I can't help myself, all I think I know is fading  
D G  
Into everything and everyone is everybody else (Burnout)  
Em Bm  
So don't look down, all you think you are is breaking  
D G  
It comes and goes like animals within and without (Burnout)

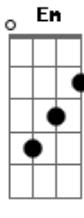

Em  
I loved and I lost  
Bm  
But a life without love is much worse  
G  
Than the cost of what could've been  
Em Bm  
By the end of it, mmm

G Em Bm  
I won't let it burnout  
G Em Bm  
I won't let it burnout  
I won't let it burnout  
G Em Bm D  
Mmm, mmm  
I won't let it burnout  
G Em Bm D  
Mmm, mmm  
I won't let it
