

BoyWithUke - Let Me Down

tom:

Intro: E E A A B

[Primeira Parte]

Baby, let's pack our bags and head to wherever
Toss these plans out straight through the door
Won't you take my hand?, it won't be forever
I don't have to be the one you looking for

But I broke my foot, got lost on a mountain
Xxxx my life again, but I'm sure
That you're not too far behind, so I'm counting
On you to stay, my heart is sore

[Pre-chorus]

Oh, hey, hey, I think I lost my way
Can you put me back in place? -Ha, ha-

[Refrão]

I know you'd never let me down
But will you lift me off the ground?

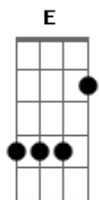

Do ya' even know my name?
And even when I'm safe and sound

It could always turn around
But can you remember my face? -Ha, ha-

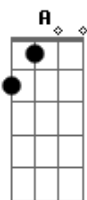

[Post-chorus]

[Segunda Parte]

I know you're depressed, and I know that you're stressed
And I know that you're lying to all your friends
I know that you cry, and I know that you fight
And I know that you tried but it won't end
So, how would it feel if I were to steal

Your heart away along with this pain
'Cause you give me butterflies and I, I need you to stay
I know what you're thinking, you don't wanna say so
Think I'm catching feeling, I don't wanna say no
I like the way your socks look, you should know I hate to
Fall for someone new but I like to think about you

[Refrão]

I know you'd never let me down
But will you lift me off the ground?

Do ya' even know my name?
And even when I'm safe and sound

It could always turn around
But can you remember my face? -Ha, ha-
