

# BoyWithUke - Love Lost

tom:  
 Ooh, ooh  
 Ooh, ooh

## [Primeira Parte]

We walked through the door of our new apartment  
 We're laughing the whole time  
 I hold your hands in mine, and we share a smile  
 A box in hand and you in the other  
 You smell like lavender, like my mother  
 And then, the light turns green

## [Refrão]

What have I done?  
 Have I made a mistake?  
 'Cause I can't remember why I feel this way  
 Our life flashes by, as I drive away  
 But my home is not my home no more  
 My home is now my grave

## [Pós-Refrão]

Ooh, ooh  
 Ooh, ooh

## [Segunda Parte]

The gifts you gave me, I'll keep them safe  
 Though bittersweet in their aftertaste  
 So many songs that'll never sound the same  
 Stuffed animals that used to light up the room  
 Felt like how I fell out of love with you  
 Out of sight, but I see you everyday

## [Pré-Refrão]

Oh, why the hell do I keep recalling  
 The good, the great, I had all I wanted  
 How on earth did I lose it in a day?  
 I left my sweatshirt at her place  
 I'm turning back to my old ways  
 Can't keep commitments  
 I'm the same as what I hated  
 Ain't it funny how we change?

## [Refrão]

What have I done?  
 Have I made a mistake?  
 'Cause I can't remember why I feel this way  
 Our life flashes by, as I drive away  
 But my home is not my home no more  
 My home is now my grave

## [Pós-Refrão]

Ooh, ooh  
 I never knew  
 All this love was new to me  
 Ooh, ooh  
 I never knew, oh  
 What it would do to me  
 Ooh, ooh

I never knew  
 All this love was new to me  
 Ooh, ooh

I never knew  
 What it would do to me

## [Refrão]

What have I done?  
 I've made a mistake  
 'Cause I can't remember, no I can't remember  
 Why I feel this way, life flashes by  
 As I drive away  
 My home is not my home no more  
 My home is now my-

## [Ponte]

I miss your laugh, I miss your face  
 I took your half, and threw it all away  
 I hate myself, I hate this pain  
 I hate that I lost everything

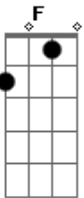

## [Final]

It's cold outside, this time of year  
 But its colder now, that you're not here  
 I've lost my rock, and I've lost my friend  
 I never want to see a goldfish again
