

Brandi Carlile - Cannonball

Tom: **G**

I was born when I met you **G**
 Now I'm dying to forget you **Em**
 And that is what I know **Am** **D**
 Though I dreamed I would fall **G**
 Like a wounded cannonball **Em**
 Sinking down with my heart in tow **Am** **D**

Bm **G**
 Bright lights like white lightning
 Who shot me down **C** **G**
 Who will cut me down **C** **G**
 I'm frozen in my bed till the day comes around **Bm** **G** **D** **Am**
 How I'm lost **C**
 How I'm found **D**

G
 There's a man all alone
 Telling me his friends are gone **Em**
 That they've died and flown away **Am** **D**
 So I told him he was wrong **G**
 That you friends are never gone **Em**
 If you look to the sky and pray **Am** **D**

Bm **G**
 Bright lights like white lightning
 Who shot me down **C** **G**

C **G**
 Who will cut me down
Bm **G** **D** **Am**
 I'm frozen in my bed till the day comes around
C
 How I'm lost
D
 How I'm found

G
 Someone told me a lie
Em
 Someone looked me in the eye
Am **D**
 And said time will ease your pain
G
 But behold, when you fall
Em
 It's that same old cannonball
Am **D**
 Coming back for your heart again

Bm **G**
 Bright lights like white lightning
C **G**
 Who shot me down
C **G**
 Who will cut me down
Bm **G** **D** **Am**
 I'm frozen in my bed till the day comes around
C **D**
 And it may come around
Am
 Until the day comes around
C
 How I'm lost
D
 How I'm found

G
 I was born when I met you
Em
 Now I'm dying to forget you
Am **D**
 And that is what I know
