

Brandy Clark - Same Devil

tom:
Capostrate na 5ª casa
Intro: Am Dm Am E

[Primeira Parte]

There's a guy sellin' baggies by a telephone pole
To a dime bag girl who's gonna sell her soul
On a corner, round the corner from where her mama sits
Waitin' on a call she hopes she never gets
And there's a boy by a locker white knuckles his bag
Hopin' that bully picks that other fag
Hidin' in the closet playin' pretend
For a sunday mornin' sermon daddy preachin' on a sin

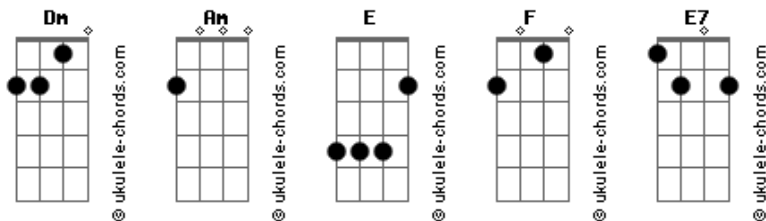

[Refrão]

Same train, different track
Different mama, same heart attack
Same bullet, different gun
Different cross, same son
Same hell, different levels
Different demons (Different demons)
Same devil

[Segunda Parte]

There's a suit wearin' snake with a million dollar smile
Shakin' hands with a rat just across the aisle
You voted for the snake and I voted for the rat

Acordes

They're rollin' in the dough we're fightin' for scraps
[Refrão]

Same crazy, different brain
Different drug, same vein
Same bottle, different proof
Different lie, same old truth
Everybody got some kind of Hell
Just different levels
Different demons (Different demons)
Same devil

[Ponte]

He don't knock (He don't knock)
He walks right in (He walks right in)
And if you're not watchin' you'll run
Right into him
(Am Dm Am E)

[Refrão]

Same wrong, different right
Different tunnel, same bright light
Everybody lookin' for God on every level
Different demons (Different demons)
Same damn devil
