**Gm7**  
Trouble melts

Just like lemon drops  
**F7M**  
Somewhere over the rainbow  
**D7**  
The world stops  
And all I see is your body **Gm7**

In front of me

In front of the TV screen  
**F7M**  
Blocking the world going crazy  
**D7**  
Damn our future looks hazy

**Gm7**  
But you just brighten everything

Let's cruise down 8th street  
**F7M**  
Off white lexus Jay-Z  
**Dm7**  
Or beep a jeep in cali, Katy  
**Gm7**  
Or head to Texas, hey Bey

Sweatpants hair tied up Chun-Li  
**F7M**  
Boo'd up in the drop top Bentley  
**Dm7**  
Our Best Life is Our Twenties  
**Gm7**  
One look at you and I

Think ill light a cigarette so we can watch  
**C7** **F7M**  
It burn, so bright  
**D7**  
Under the city lights, the nights forever

Yours girl  
**Gm7**  
Here let's let these cars get over  
**F7M** **Dm7**  
Cause I wanna take it slow, I do, I do  
**D7**  
These summer nights

**Gm7**  
I think I'll let the top back in the Maybach  
**G** **Bb**  
And we'll cruise girl  
**F** **Dm7**  
Let your hair down I wanna see the wind  
**D7**  
In your curls girl  
**Gm7**  
Here let's let these cars get over  
**F7M** **Dm7**  
Cause I wanna take it slow, I do, I do  
**D7**  
These summer nights

**Gm7**  
Ice cold like its winter  
**F** **F7M**

## Acordes

Cooped up in the sprinter babe I know

That I should be bitter  
**Dm7**  
Bout' how life keeps looking dimmer but  
**Gm7**  
With you

All dirt turns to glitter

Broke feeling like the highest bidder  
**F7M**  
High on life, call it Miller  
**D**  
Stars are finally aligning like a dipper

**Gm7**  
But you just brighten everything

**Gm7**  
Suddenly I fell under your spell and once  
**F7M** **Dm7**  
You captured me, just like a bird I felt so high  
**Gm7**  
Once a cocoa butter dreamer  
**F7M**  
You made me your brown sugar believer  
**Dm7** **Gm7**  
Now I can fly
