

Brendan Benson - Tiny Spark

tom:

[Intro G D C

I've always been this way

Never known any other way to feel

Got the right of way

And all of the others must yield

Now I'm naked and I'm in school

I can't make it to the door

Try to understand

That an oyster can only make a pearl

But from what I don't know makes a girl

From a grain of sand

I was trying,

drowning in the past

oh, not to laugh

I was

But I'm trying not to laugh

It's that I'm dying

When we break (when we break) Apart (apart)

And you take (and you take) Back your heart (back your heart)

) 4X

And it aches in the dark

But it makes a tiny spark

I've always been this way

Never known any other way to feel

Got the right of way

And all of the others must yield

Now I'm naked and I'm in school

I can't make it to the door

We were lying in the grass
