E B
You just wanna be seen for something

Rather than known for nothing

But no one seems to tell

But they don't seem to notice

A
Cause you carry it so well

Gbm
You light up like fireworks

Till you're put out by the rain

When all you ever needed was to hear somebody say

E B
I'm proud of you, I'm proud of you

You made it this far and damn

That's hard to do

I know you never hear it, but God knows one things true

They let you walk but you can't run

Dbm
They let you talk, only were they're done

A E

Just to make it to the top

You wanna try to let it go

A
But you know it's never gonna stop

You light up like fireworks

Till you're put out by the rain
