

Brian Fallon - Forget Me Not

Tom: G
Intro:

[Verso 1]

D Stacy, I'd like to take you to a movie Bm
In a world without a death wish G
On a night under the fireworks in heaven D A
Oh but Stacy D
Baby, you can take me anywhere Bm
Because I get a lot of low downs G
So just put me in the cold ground and visit D A

[Pré-Refrão]

G Oh, but what if
A What if my soul was still trembling?

[Refrão]

D A Would you put your black dress on and visit my bones?
Bm G And bring my Football top and a scarf for the cold
D A Playing melancholy songs that somehow made us
G A Feel a whole lot better
D A Well, I waited on the kingdom come and the trumpet blow
Bm G In the cold, hard ground there's some letters you wrote
D A Would I get any rest from the wreck that I was with the living? G
A Or would you just go on? D

[Verso 2]

D Bm Stacy, I never thought I'd miss the small talk
G I never knew the gift the day was
D I just used to hear the time clock
N.C. Whistle stop
N.C. Sleep and get back up again
D Bm Stacy, I never thought I'd miss the hard love
G I wish I took the time to miss you
D A While we were sitting only right there under heaven
