

# Briby - Pieces

Tom: **D**

[Verse]

**A**  
Last night I slept alone  
And the bed felt so big that I got lost **Bm**  
And no one heard my cry **A**  
I woke up hugging air **Bm**  
My father walked in thinking his son,  
was still in love with life

[Chorus]

**A** **Bm**  
'Cause no one knows I'm in pieces  
**Gbm** **G**  
I've enough weaknesses without a broken heart  
**A**  
But I can't lie around **Bm** **Gbm** **G**  
'Cause self pity is just bound to get me nowhere **A**

And that's not where I'll find you

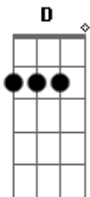

[Verse]

**A**  
Tonight I'll feel assured  
In the company of friends and I'll proclaim: **Bm** **A**  
"Who needs love anyway?"  
But I'll wake up in a war **Bm**  
In a trench that's so deep, so terrifying  
Only love can save the day

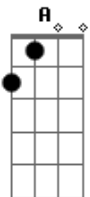

[Chorus]

**A** **Bm**  
'Cause no one knows I'm in pieces  
**Gbm** **G**  
I've enough weaknesses without a broken heart  
**A**  
But I can't lie around **Bm** **Gbm** **G**  
'Cause self pity is just bound to get me nowhere **A**  
And that's not where I'll find you
