Em  
 I got a heart but it don't beat  
 G  
 I got a song that I can't sing  
 D Em  
 I gotta wait for you alone

Em  
 I gotta love that I can't chase  
 G  
 The kinda mystery won't fade  
 D Em  
 I gotta wait for you alone

G A  
 And I'm wasting away

Em D  
 You've taken everything that I want  
 C  
 Til there's nothing left of me  
 G D  
 And there's no room left to breathe

Em D  
 You're changing everything that I need  
 C  
 Cause there's nowhere left to hide  
 G D  
 When there's nothing to believe

( Em G D Em )

Em  
 Would you leave me here behind  
 G  
 Would you love to watch me cry  
 D Em  
 Would you like to fly away

Em  
 I can show you the truth  
 G  
 If you only let me loose  
 D Em  
 If you told me what you need
