

Bridge Worship - Holy Spirit Welcome (feat. Elina Tafoya)

tom:

Intro: A E Dbm B

[Primeira Parte]

Don?t need an invitation

To walk in the room

Don?t need our permission

To do what You want to do

You?re already with us

We rest in Your presence

We just want You

[Refrão]

Holy Spirit, welcome

Jesus have Your way

One moment in Your presence

Can change everything

Why wait for tomorrow

To lift these hands in faith

Right now our hearts are open

Don?t leave us the same

[Segunda Parte]

Don?t need our perfection

For Your Spirit to move

Don?t need our religion

Or the things that we try to do

You?re already with us

We rest in Your presence

We just want You

[Refrão]

Holy Spirit, welcome

Jesus have Your way

One moment in Your presence

Can change everything

Why wait for tomorrow

To lift these hands in faith

Right now our hearts are open

Don?t leave us the same

Don?t leave us the same

[Ponte]

We lay down our idols

Anything in the way

Forgive us for using

Your name for our gain

For building our kingdom

For building a brand

For seeking a platform

All castles of sand

This is our repentance

Lord, we confess

We have been prodigals

But we?re coming back

Back to our first love

Back to the start

Back to the Father

Back to Your heart

[Refrão]

Holy Spirit, welcome

Jesus have Your way

One moment in Your presence

Can change everything

Why wait for tomorrow

To lift these hands in faith

Right now our hearts are open

Don?t leave us the same

[Refrão]

Holy Spirit, welcome

Jesus have Your way

One moment in Your presence

Can change everything

Why wait for tomorrow

To lift these hands in faith

Right now our hearts are open

Don?t leave us the same
