

Bridgit Mendler - Love Will Tell Us Where To Go

Tom: Bb
Intro: Cm Gm Eb Gm Gm F Gm

I know exactly how you feel
It doesn't matter what you say
I see the sun begin to set
And we gotta gotta get away
I gotta patch of open road
I already miss you with all of my soul
So before we both get old
I think we gotta gotta get away
I kept wishing, got the tickets
Stuck them on my wall
Let's rip them down and leave the town
Before the cops can call
And bring us back,
Cover our tracks in the dust,
I think we must
Take on the world, let's go crazy
Love will tell us where to go
I'll be your girl, be my baby
Love will tell us where to go
Oh oh oh, through a dark night
Oh oh oh, without a sunrise
Oh oh oh, and we will be alright
Love will tell us where to go
Love will tell us where to go
Love will tell us where to go
Love will tell us where to go

Eb F G

The wheels on this train keep turning
We're flying with the birds and
The world's so bright it hurts when
We're on the getaway
I'm the Bonnie to your Clyde
You're the moon and I'm the tide
I want this for all of my life
Since the night that we got away
