Bring Me The Horizon - Avalanche

Tom: Bb

```
        Gm                           Bb     F
Cut me open and tell me what's inside
                            Bb     F
Diagnose me cause I can't keep wondering why
     Gm                            Bb     F
And no, it's not a phase cause it happens all the time
        Gm                       Bb     F
Start over, check again, now tell me what you find

        Gm
Cause I'm going out
   Bb       F
I'll fake what's real
           Gm    Bb   F
Can anyone respond?

            Eb
It's like an avalanche
  Gm              Bb
I feel myself go under
      F                                Eb   F
Cause the weight of it's like hands around my neck
                 Eb
I never stood a chance
   Gm            Bb
My heart is frozen over
      F                           Eb   F
And I feel like I am treading on thin ice

     Gm                         Bb     F
Am I broken? What's the chance I will survive?
       Gm                          Bb     F
Don't trick and doubt me, cause I feel like suicide
        Gm                             Bb   F
Just give it to me straight cause I'm running out of time
   Gm                            Bb     F
I need another drug, now what can you prescribe?

            Eb
It's like an avalanche
  Gm              Bb
I feel myself go under
      F                                Eb   F
Cause the weight of it's like hands around my neck
                 Eb
I never stood a chance
   Gm            Bb
My heart is frozen over
      F                           Eb
And I feel like I am treading on thin ice
```

```
        F             Eb
And I'm going under
                        Gm                   F       Eb
I need a cure for me cause a square doesn't fit the circle
                    Gm                    F
Give me a remedy cause my head wasn't wired for this world
                        Gm                   F       Eb
I need a cure for me cause a square doesn't fit the circle
