

Bring Me The Horizon - Deathbeds

Tom: G

Eyes like a car crash
 I know I shouldn't look but I can't turn away.
 Body like a whiplash,
 Salt my wounds but I can't heal the way
 I feel about you.
 I watch you like a hawk
 I watch you like I'm gonna tear you limb from limb
 Will the hunger ever stop?
 Can we simply starve this sin?
 That little kiss you stole
 It held my heart and soul
 And like a deer in the headlights I meet my fate
 Don't try to fight the storm
 You'll tumble overboard
 Tides will bring me back to you
 And on my deathbed, all I'll see is you
 The life may leave my lungs
 But my heart will stay with you
 That little kiss you stole
 It held my heart and soul
 And like a ghost in the silence I disappear

Don't try to fight the storm
 You'll tumble overboard
 Tides will bring me back to you
 The waves will pull us under
 Tides will bring me back to you
 The waves will pull us under
 Tides will bring me back to you
 The waves will pull us under
 Tides will bring me back to you
 Tides will bring me back to you
 That little kiss you stole
 It held my heart and soul
 And like a ghost in the silence I disappear
 Don't try to fight the storm
 You'll tumble overboard
 Tides will bring me back to you
 That little kiss you stole
 It held my heart and soul
 And like a deer in the headlights I meet my fate
 Don't try to fight the storm
 You'll tumble overboard
 Tides will bring me back to you
