

# Bring Me The Horizon - Go To Hell For Heavens Sake

Tom: **C**

**Am**  
For the love of god, will you bite your tongue  
**F**  
Before we make you swallow it

**Dm**  
It's moments like this where silence is golden  
**Em**

And then you speak

**Am**  
No one wants to hear you  
**F**  
No one wants to see you  
**Dm**  
So desperate and pathetic  
I'm begging you to spare me  
**Em**  
The pleasure of your company

(When did the diamonds leave your bones?)

**Am**  
I'm burning down every bridge we make  
**F**  
I'll watch you choke on the hearts you break  
**Dm**  
I'm bleeding out every word you said  
**Em**  
Go to hell for heavens sake (2x)

(Go to hell for heavens sake)

**Am**  
No one wants to hear you (Save your breath)  
**F**  
No one wants to see you  
**Dm**  
So desperate and pathetic  
You think that no one sees this  
**Em**

I think it's time you knew the truth

**Am**  
I'm burning down every bridge we make  
**F**  
I'll watch you choke on the hearts you break  
**Dm**  
I'm bleeding out every word you said  
**Em**  
Go to hell for heavens sake (2x)

When did the diamonds leave your bones  
Leave your bones

**Am**  
You're not a shepherd, you're just a sheep  
**F**  
I'll cut my depths of everyone you meet  
**Dm**  
You're own flesh with no bones

**Em**  
Feed them to the sharks  
And throw them to the wolfs

**Am**  
I'm burning down every bridge we make  
**F**  
I'll watch you choke on the hearts you break  
**Dm**  
I'm bleeding out every word you said  
**Em**  
Go to hell for heavens sake

**Am**  
I'm burning down every bridge we make  
**F**  
I'll watch you choke on the hearts you break  
**Dm**  
I'm bleeding out every word you said  
**Em**  
Go to hell for heavens sake
