Did I wake you?  
Were you sleeping?  
Were you still in the bed?  
Or is a nightmare keeping you up instead?  
Oh baby, are you feeling guilty for what you did?  
If you think you're hurting you ain't seen nothing yet

F  
Was it really worth it?  
G  
Was she everything  
Em  
That you were lookin' for?  
Am  
Feel like a man  
F  
I hope you know that  
G  
You can't come back  
Em  
'Cause all we had  
Am  
Is broken like shattered glass

F G  
You're gonna see me in your dreams tonight  
Em Am  
My face is gonna haunt you all the time

I promise that you gon' want me back  
Em Am  
When your world falls apart like shattered glass
