

Britney Spears - You Got It All

Tom: **Bb**

Ooh...

I...
I was the game he would play
He brought the clouds to my day
Then like a ray of light
You came out of the night
Just one look and I knew
You would make everything clear
Make all the clouds disappear
Put all your fears to rest
Who do I love the best
Don't you know
Don't you know

You've got it all over him
You got me over him
Honey it's true
There's just you
You must have been heaven sent
Hearing me call
You were out on a limb

And you're all that he's not
Just look what I've got
'Cause you've got it all
Over him
All over
You've got it all over
All over
You've got it all over

Now, don't let him worry you so
What's a matter with you
I let go
Oh you can surely see
You're so much more to me

Just one look and I knew
You would make everything clear
Make all the clouds disappear
You're better than all the rest
Who do I love the best
Yeah...
Don't you know
Don't you know

You've got it all over him
You got me over him
Honey it's true (so true)
There's just you
You must have been heaven sent
Hearing me call
You went out on a limb

And you're all that he's not (all that he's not)
Just look what I've got (look what I've got)
'Cause you've got it all (you've got it all)
All over him

You've got it all over him
You got me over him
Honey it's true (so true)
There's just you
You must have been heaven sent
Hearing me call
You went out on a limb (out on a limb)

And you're all that he's not (all that he's not)
Just look what I've got (look what I've got)
'Cause you've got it all (you've got it all)
Over him

All over
You've got it all over
All over (uh, huh)
You've got it all over
Him...
