 (com acordes na forma de C)

```
            C
We could fool the datelines
            G
We could jump the state lines
          Am7
I don't always play nice
                  F
But I wanna feel your heartlines
                C
I'll pick you up at midnight
                   G
We'll run to beat the sun light
          Am7
We only get the one life
                   F
And I wanna feel your heartlines

I wanna feel your heart

C
Have you been let down
G              Am7
By the ones before?
                  F
Do you leave too soon to know?
C             G                    Am7
Never fell in love ?cause I just cut loose
                  F
But not when it comes to you

C
Dressing in black
                         G
You're around for the weekend

Dancing at night
                          Am7
You're the light that I won't let go
               F
And I want you close

                   C
We could fool the datelines
            G
We could jump the state lines
          Am7
I don't always play nice
                  F
But I wanna feel your heartlines
                C
I'll pick you up at midnight
                   G
We'll run to beat the sun light
          Am7
We only get the one life
                   F
And I wanna feel your heartlines

I wanna feel your heart

C             G              Am7
Now we're far apart, in and out of touch
                        F
And the words don't mean as much
C         G          Am7
So I sit across from someone new
```

```
                          F
But they don't compare to you

C
Lying in bed wide awake I remember
G                                           Am7
Dancing at night you're the light that I won't let go
                  F
And I want you close
                    C
We could fool the datelines
                G
We could jump the state lines
                Am7
I don't always play nice
                          F
But I wanna feel your heartiness
                        C
I'll pick you up at midnight
                        G
We'll run to beat the sun light
                Am7
We only get the one life
                          F
And I wanna feel your heartlines

I wanna feel your heart

C
Lying in bed wide awake I remember
G                                           Am7
Dancing at night you're the light that I won't let go
                      F
'Cause I want you close

                    C
We could fool the datelines
                G
We could jump the state lines
                Am7
I don't always play nice
                          F
But I wanna feel your heartiness
                        C
I'll pick you up at midnight
                        G
We'll run to beat the sun light
                Am7
We only get the one life
                          F
And I wanna feel your heartlines

                    C
We could fool the datelines
                G
We could jump the state lines
                Am7
I don't always play nice
                          F
But I wanna feel your heartiness
                        C
I'll pick you up at midnight
                        G
We'll run to beat the sun light
                Am7
We only get the one life
                          F
And I wanna feel your heartlines
                        C
I wanna feel your heartlines
